

To make it easier to get to and from the tournament, we have devised a travel guide from Copenhagen Airport and Copenhagen Central Station to our venue in Ballerup. We advise using [Rejseplanen.dk](http://Rejseplanen.dk) as your go-to when making your way around Copenhagen. In the top right corner of the website, you can change the language to German or English.

Should you have any questions or need any help, you are very welcome to contact us at [D6@Grandtournament.dk](mailto:D6@Grandtournament.dk).

The venue is located just under an hour's worth of traveling from Copenhagen Airport. This includes the train ride and a short walk from Ballerup Station to our venue. When you buy the ticket you have to buy a ticket for 5 zones (see depiction below).

When traveling from the airport, we advise that you take the metro to Vanløse station (last stop of the metro), from there you can continue using either the C- (towards Frederikssund) or H-line to Ballerup station. From there it is a short 5-10 minute walk to the venue. See our map below

If you are traveling from Copenhagen Central station instead, you can skip the metro and simply go straight to the C- or H-line instead. They most commonly leave from track 11-12.
